

WILSON COUNTY
Health & Public Safety Office
CHECKLIST FOR PERMITS

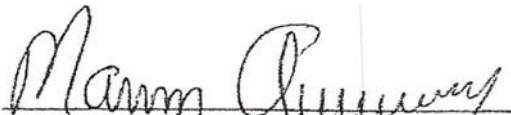

Wilson County Commissioners Court, hereby announces that effective June 1, 2007 that Wilson County will require the following permits applications be obtained prior to **any final inspections and/or release of permits being processed or approved.**

The following **Permits are required:**

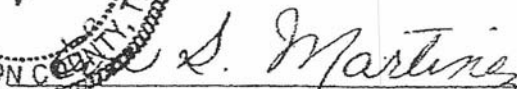

- Floodplain Permit (**Approval Required Before "OSSF" Start -Up**)
- On-Site Sewage Facilities "OSSF" (Septic) Permit
- Driveway Permit (County Maintained Roadways)

(See attached Checklist for Wilson County's Permit Application process. All checks payable to Wilson County)

Signed:

Mamm Quinney, Wilson County Judge

Eva S. Martinez, County Clerk

This is a list of requirements needed from the Property Owner, Installer, or Engineer for preparation of your paperwork in order to prevent delay of inspections:

- *** Legal Description of Property [PLAT]
- *** Proof of Ownership [RECORDED DEED]
- *** Drawing to Scale
- *** Name of Septic Company, Address and Phone Number
- *** 911 Address (Physical Address) [Verification Required From the 911 Addressing Department]

ALL SIGNATURES IN BLUE INK

DEVELOPMENT PERMIT EXEMPTION CERTIFICATE

STATE OF TEXAS §
COUNTY OF WILSON §

**WILSON COUNTY COMMUNITY - PANEL
NUMBER 48493C**

APPLICATION NUMBER _____

NAME OF APPLICANT _____

THE ABOVE NAMED APPLICANT APPLIED FOR A DEVELOPMENT PERMIT ON _____.
THE COUNTY ADMINISTRATOR HAS REVIEWED THE APPLICATION AND IT IS HIS/HER DETERMINATION THAT THE
PROPOSED DEVELOPMENT IS NOT WITHIN AN IDENTIFIED FLOOD PLAIN OF WILSON COUNTY.

THIS CERTIFICATE EXEMPTS THE APPLICANT FROM DEVELOPMENT STANDARDS REQUIRED BY WILSON
COUNTY FLOODPLAIN MANAGEMENT REGULATIONS. WORK IS HEREBY AUTHORIZED TO PROCEED ON THE
FOLLOWING DESCRIBED PROPERTY:

THE COUNTY ADMINISTRATOR HAS REVIEWED THE PLANS AND SPECIFICATIONS OF THE
PROPOSED DEVELOPMENT AND DESIRES TO MAKE THE FOLLOWING RECOMMENDATIONS
FOR DEVELOPMENT OR DESIGN ALTERATIONS:

**ADVISE THAT NO STRUCTURE BE BUILT AND/OR PLACED IN ANY DRAINAGE OR CREEK
AREA. DUE TO THE POTENTIAL SHEET WATER FLOODING CONDITIONS, IT IS RECOMMENDED
THAT FLOOR ELEVATION BE A MINIMUM OF TWO (2) FEET ABOVE NATURAL GROUND WHERE
A CLEARLY DEFINED CHANNEL DOES NOT EXIST.**

WARNING:

The flood hazard boundary maps and other flood data used by the County Administrator in evaluating
flood hazards to proposed developments are considered reasonable and accurate for regulatory
purposes and are based on the best available scientific and engineering data. On rare occasions
greater floods can and will occur and flood heights may be increased by man-made or natural causes.
This exemption certificate does not imply that developments outside the identified areas of special flood
hazard will be free from flooding or flood damage. Issuance of this exemption certificate shall not create
liability on the part of Wilson County, the County Administrator or any officer or employee of Wilson
County in the event flooding or flood damage does occur.

If you have questions on how to fill out this form or about the on-site sewage facility program, please contact the Wilson County Health and Public Safety Office at 830-393-8503. Individuals are entitled to request and review the personal information that WC H&PS gathers on its forms. They may also have any errors in their information corrected. To review such information, contact us at 830-393-8503.

**WILSON COUNTY
OSSF SOIL EVALUATION**

Date Performed: _____ Proposed Excavation Depth: _____

Property Location: _____ Textural Class Determined For Drain field: _____

Name of Site Evaluator: _____ Registration Number: _____

Requirements:

At least two (2) soil excavations must be performed on the site, at opposite ends of the proposed disposal area. Location of soil boring or dug pits must be shown on the site drawing. For subsurface disposal, soil evaluations must be performed to a depth of at least two (2) feet below the proposed excavation depth. For surface disposal, the surface horizon must be evaluated. Describe each soil horizon and identify any restrictive features on this form. Indicate depths where features appear.

CARE OF YOUR NEW SEPTIC TANK

Facility owners' responsibilities: a properly designed on-site sewerage facility, properly constructed in a suitable soil can malfunction if the amount of water it is required to dispose of is not controlled. It will be the responsibility of the owner to maintain and operate the facility in a satisfactory manner. The proper performance of an on-site sewerage facility cannot be guaranteed even though all provisions of these Standards have been met. Inspection and licensing of an on-site sewerage facility by the licensing authority shall indicate only that the facility meets minimum requirements and does not relieve the owner of the property from complying with County, State and Federal Regulations. On-site sewerage facilities, although approved as meeting minimum Standards, must be upgraded by the owner, at the owner's expense, if the owner's operation of the nuisance conditions are threatened or occur, or if the facility when used does not comply with government regulations.

An on-site sewerage system should not be treated as if it were a city sewer. Economy in the use of water helps prevent overloading of a sewerage system that could lessen its usefulness. Leaky faucets and faulty commode fill-up mechanisms should be carefully guarded against. Garbage grinders can cause a rapid buildup of sludge or scum resulting in a requirement for more frequent cleaning and possible system failure. The excessive use of garbage grinders and grease discarding should be avoided.

Check commodes for leaks that may not be apparent. Add a few drops of food coloring to the tank. Do not flush. If the color appears in the bowl within a few minutes, the toilet flush mechanism needs adjustment or repair.

Do not use the toilet to dispose of cleaning tissues, cigarette butts or other trash. This disposal practice will waste water and also impose an undesired solids load on the treatment system.

Since it is not practical for the average homeowner to inspect his tank and determine the need for cleaning, a regular schedule of cleaning the tank at two (2) to three (3) year intervals should be established. Commercial cleaners are equipped to readily perform the cleaning operation. Owners of septic tank systems shall engage only persons registered with the Texas Commission on Environmental Quality to transport the septic tank cleanings.

APPLICATION FOR PERMIT TO CONSTRUCT AN ACCESS DRIVEWAY
FACILITY ON WILSON COUNTY RIGHT-OF-WAY

APPLICANT'S NAME

MAILING ADDRESS

CITY, STATE, ZIP CODE

TELEPHONE NUMBER

FOR OFFICE USE ONLY:

WILSON CO. APPLICATION #: _____

RECEIPT NUMBER: _____

DATE OF APPLICATION: _____

DATE OF PERMIT: _____

Dear Applicant:

The **COUNTY OF WILSON** hereby accepts your application to (re)construct facilities on the County right-of-way for development of access to your property at _____ *(911 address)*

_____ *(subdivision name)*

provided you agree to and comply with conditions set forth in this application.

At time of application, applicant is installing:

- Construction Driveway or
- Permanent Driveway (Inspections will be conducted on permanent driveways only; this office must be notified 48 hrs. prior to pouring concrete.)

1. Design of the construction shall be as authorized and approved by the Wilson County Commissioner's agent or representative's plans and specifications, as set forth in the Driveway Permit Regulations.
2. Maintenance of facilities constructed as requested shall be the responsibility of the grantee and the **COUNTY OF WILSON** will reserve the right to require any changes or maintenance as may be necessary to provide protection of life or property on or adjacent to the road. Changes in design, when approved, will be made only with approval of the County Commissioner or designated agent.
3. The applicant shall hold harmless the **COUNTY OF WILSON** and its duly appointed agents, employees, and officials against any action for personal injury or property damages sustained by reason of the exercise of this application.
4. The applicant shall agree not to erect any sign on or extending over any portion of the road right-of-way, and vehicle service fixtures such as service pumps, vendor stands, tanks or water hydrants will be located twelve feet (12') from the right-of-way line to ensure that any vehicles serviced from these fixtures will be off the road.

I (We), the undersigned applicant(s), hereby agree to accept and comply with the terms and conditions set out in this application for the construction of an access driveway facility in the **COUNTY OF WILSON**.
